

## Company Overview

Xuguz Reality Capture is a cutting-edge 3D scanning service company leveraging LiDAR, Laser and Point Cloud technology to redefine how government facility planning, as well as construction and renovation projects are visualized, experienced and managed. With more than 9 years of experience we are proudly Texas based and provide Nationwide Service.

## Key Benefits for Government Agencies

- ✓ Improved efficiency and cost savings in construction and renovation projects
- ✓ Remote Collaboration and Coordination between distant teams with a digital twin
- ✓ Enhanced decision-making and accessibility, with digital access 24 / 7 / 365
- ✓ Risk mitigation and Improved safety
- ✓ Expedited generation of As-Built documentation with precise measurement.

## Certifications

### Texas State Certifications:

HUB, ESBE, HABE, MBE, SBE, WBE.

### Federal Certification:

WOSB, SDB.

**NAICS Codes:** 541360, 541370, 541922, 541330, 541990

**NIGP Codes:** 905-04, 915-51, 920-00, 920-33, 920-38, 920-40, 962-52, 962-92, 961-45, 961-64

## Core Services

- 3D Laser Scanning (LiDAR)
- Point Cloud Processing
- Digital Twin generation
- As-Built Modeling
- Construction Progress 3D Documentation

## Measurable Data

- 75%** Decrease in Site Visits: Secure, 24/7 access to job sites for stakeholders reduces the need for in-person visits.
- 70%** Reduction in Site Survey Costs: Expedite BIM file creation with high-density point clouds and LOD 200 and 300 BIM Files.
- 30%** Cost and Time Savings: Enhanced collaboration and faster decision-making with digital twins and streamlined QA/QC processes.
